88.3. County Cllr Saywell

I sent a report to all PCs last week in relation to the Pandemic and DCC issues, of which most of the issues are still relevant and current.

COVID19, DCC are now up to 1,547 cases recorded since start of pandemic. This has gone up by 58 in the last 7 days BUT, 27 of those 58 have come from Exeter where there has been a confirmed outbreak within the student population. All close contacts have been traced and self-isolating. DCC Public Health Team believe, looking at the data, a cohort of students brought the infection with them from their home cities/towns and then infected their student households. There is no evidence at present of wider community transmission.

Torrige, 70 cases up 1 in last 7 days. N Devon 149, up 2 in last 7 days, W Devon 81, up 1 in last 7 days. Mid Devon 241, up 2 in the last 7 days.

Numbers overall in Devon had fallen in the last 2 weeks, with increased testing being carried out. While there currently isn't a mobile testing unit in Torrige, there is one in Barnstaple and also Launceston (for Holsworthy area) and Tiverton, as well as Exeter and Plymouth. Only if local sites are full will people be directed elsewhere. Last week c. 7500 tests carried out, week before 8,500 tests.

With new restrictions coming in, I echo the words of the Council Leader, John Harth, to say now is the time to be careful, follow the regulations, keep sticking to the basics – hand, face, space.

We have seen good observance of this in Torrington Rural – was in town on Saturday morning and was pleased to see social distancing being observed, and people wearing facemasks, sanitising hands etc.

Broadband issues - if you want to discuss it further, happy to have a zoom meeting to discuss the issues.

Cllr Naylor sought clarification on whether the number of increased infections, as in positive tests, were asymptomatic and cases requiring treatment

Cllr Saywell responded he did not have a breakdown of how many people are asymptomatic or requiring treatment

88.4. District Cllr Newton

Delighted to see 3 new councillors have joined the Council, further strengthening the democratic representation of Winkleigh Parish, well done for volunteering it is brilliant to see people being prepared to represent their communities

Torrige are continuing though SW Councils in discussions and negotiation with Central Government for further levels of back fund grants to compensate for general funding losses. There are some who feel we should put our balance sheet back to where we started and Central Government should pay but everyone is having to take a loss. There is going to need to be an ongoing reduction in our budgets and budgets are going to have to be rewritten to compensate, but the negotiations are ongoing

Torrige as part of a boost for the Town Centres, will be offering car parking 'buy one get one hours free', due to the impact of Covid, which is making business transactions longer

Leisure team at Torrige wish to report that the delay in reopening the swimming pool is not the action of the Council but the contractor who are demanding a vast amount of money in order to reopen, citing Covid additional costs, and as such it will need a compromise

The long-awaited play and leisure strategy for Torridge has arrived in draft form, but it is not good quality in terms of breadth and detail looking throughout the whole district, and therefore it has been sent back for more work. Torrington Area Advisory Committee (TAAC) hasn't met for a long time, however, as we are not a statutory body, we can decide how we want to run it and looking to put it onto zoom as a permanent structure and get a much greater interest and attendance

88.5. Water Pump Listed Building Consent

The Action of 5 members of the Winkleigh Parish Council, during August 2020, to purchase and install the brass plaque on the water pump was outside the remit of the Parish Council and without resolution
Cllr Naylor moved that Winkleigh Parish Council retrospectively apply to TDC for Listed Building Consent for the installation of the plaque on the Water Pump, seconded by Cllr Brown, 8 in favour, 2 abstentions and Resolved (RR087/09/20) (Power to incur expenditure - Public Health Act 1936, s.125, Budget Provision - Assets)

Clerk advises members that it is not the responsibility or role of The Parish Council to make these enquiries, and the Council do not have a power to require answers to such enquiries.

7 in favour, 2 against, 1 abstention and **Resolved** (RR095/09/20)

88.11. South West Wood Products

Cllr Naylor moved that WPC approve the Clerk to make enquires with the Environment Agency regarding what, and where any testing on the water usage by South West Wood Products has been carried out, especially from local wells or boreholes, seconded by Cllr Findlay, all in favour and **Resolved** (RR096/09/20)
Cllr Naylor further moved that the Clerk to make enquiries with the Environment Agency regarding what licences are currently held by SWWP, seconded by Cllr Findlay, all in favour and **Resolved** (RR097/09/20)

Cllr Mercer was thanked for the work he has done so far

88.14. Disabled Parking Pay – The Square Winkleigh

Cllr Turner moved that WPC approve the Clerk to DCC Highways regarding the provision of a non-enforceable disabled bay outside Londis and possibility of Double Yellow Lines outside the Post Office, seconded by Cllr Bayley, all in favour and **Resolved** (RR098/09/20)

88.15. Grass Verge cutting – Life on the Verge Devon (Doc 055/20)

Cllr Jacobs reported that in order for wild flowers to be sown, the grass on the verges needs to be cut short and scarified, (mechanical removal of approximately 50% of the surface grass to leave bare soil) for the seeds to germinate. Cllr Jacobs would like the Parish Council to purchase a Stihl 540 scarifier which costs £480 plus VAT, Distinctly Winkleigh are willing to pay half the cost of £240, and council to allocate £100 for seed.

Cllr Jacobs has spoken with our current grass cutting contractor who will charge between £900-£1200 (3-4 days) to carry out the scarifying if the council provide the Scarifier.

Cllr Jacobs proposed that WPC form together with Winkleigh Society and parishioners to form a working group to tackle verges one by one, and WPC buy the scarifier and Winkleigh Society donate £240 towards it and we buy seeds worth £100

Clerk advised the Council would need to identify which verges in the parish and get permission from DCC Highways to scarify and plant wildflowers, before buying anything, also there is no financial provision in the current budget for this project

Following lengthy debate, Cllr Turner moved that the Clerk contact DCC Highways to seek relevant permissions and directions and obtain any necessary quotes for the Extra- Ordinary Parish Council Meeting on 7th October. Seconded by Cllr Hodgson, 7 in favour, 2 against, 1 abstention and **Resolved** (RR099/09/20)

Cllr Turner moved to extend the meeting beyond 2 hours as per Standing Orders, 9 in favour, 1 abstention and **Resolved** (RR100/09/20)

88.17. Highways Priorities for the Parish (Doing What Matters) (Doc 056/20)

Devon County Council project which aims to increase community engagement in the development of the highway maintenance capital programmes, it involves meeting with members of the parish councils to discuss community priorities to help DCC to determine future work programmes in our area.

WPC members met with DCC in 2019, and DCC have used a mix of existing data, visual inspections, and community knowledge to help determine a priority of works for the parish. The attached map (agenda document) shows the priority list for Winkleigh, the intention of this is to help determine the works in the parish over the coming years. DCC have then used these priority maps to develop a large programme of works for the electoral division of Torrington Rural followed by another tranche of works that could be considered once this programme of work is completed. The parish priority maps are dynamic and can change subject to circumstances and input from the community.

In some circumstances our first priorities do not reflect the issues that the parish council have raised because Highways have had to consider other information such as existing data, visual inspections, and asset management principles. DCC Highways are happy to arrange a Microsoft Teams meeting to discuss how they came to their decisions. Members agreed that Cllr Turner and Cllr Jacobs to attend a meeting with the Highways Priorities Team attend,

88.18. COVID 19

Cllr Findlay reported that a letter was sent to all users and volunteers standing the Winkleigh service down by end of Aug, and personal details would be kept or destroyed on request. Cllr Turner advised if the service needs to restart then the Clerk had delegated authority to make that decision.

88.19. Cllr Verbal reports not requiring a discussion
